NUMBER 107

VOLUME XIV

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. FRIDAY EVENING FEBRUARY 20 1920

PRESIDENT SURE HIS FIUME NOTE WILL BE TAKEN AS THE LAST WORD

FULL CORRESPONDENCE EXPECTED TO BE
MADE PUBLIC AS FINAL NOTE IS
SENT TO PREMIERS

NOTE PLACED ON CABLES TODAY

WASHINGTON, Feb. 20—President Wilson's late note on the Adriatic settlement is regarded at the White House as his final word on the subject it was stated today. Officials said "he thought that further correspondence would not be necessary."

Before the President's note was put on the cables a copy will be submitted by him to the State Department for final approval. Officials who are anxious for the publication of the entire correspondence hoped the note would get off today. It is believed that the President is not averse to publication but will defer his consent until he has advice on the subject from Acting Secretary Polk of the State Department.

LONDON, Feb. 20—Despite the protests of the press against the secret deliberations of the Councils of Ambassadors and their refusal to make public President Wilson's Adriatic note the Allied reply it was understood today that the council will not change its attitude. Premier Lloyd George already has complained of an unauthorized publication of the note presumably the reports of the French press which printed an alleged foot note of Wilson's note in which the President threatened to withdraw from the Versailles treaty if the Adriatic plan was not acceptable.

NEW YORK STATE REPUBLICANS URGE IMMEDIATE RATIFICATION OF TREATY

NEW YORK, Feb. 20—Immediate ratification of the peace treaty with distinct reservations to protect American interests is recommended in the state Republican convention. The platform was adopted by a committee headed by Dr. Nicholas Murray Butler. It was regarded in many quarters as a possible forecast of the attitude of the New York Republicans toward the National Republican platform which will be adopted at the Chicago convention.

P. O. COMMITTEE OKEHS CROSS-NATION AIR MAIL: DROPPING SHORT ROUTES

WASHINGTON, Feb. 20—The Senate Postoffice committee voted to recommend establishment of an aerial mail route from New York to San Francisco and the dropping of the routes from New York to Washington and from New York to Chicago. This action was upheld earlier in the week by the sub-committee.

PREPARING TO TRY GERMAN CRIMINALS

LONDON, Feb. 19—The greatest legal task in the annals of crime will be begun at Paris tomorrow when representatives of Great Britain, France and Belgium, will begin the work of drafting the indictment against the German alleged war criminals who are to be tried by the German supreme court at Leipzig.

Lord Birkenhead, the British representative, went to Paris today accompanied by a large staff of assistants, prepared to examine thousands of papers of evidence, collected against the alleged culprits. Separate indictments will be made out against everyone of the nearly 900 accused. In each case a list of witnesses in England, France and Belgium will be cited, whom the German prosecuting lawyers will be able to call when the cases are opened.

As England calls for the trial of only 97 German nationals, its task will be light as compared with that of the French and Belgian staff.

STOCK OPENINGS

NEW YORK, Feb. 20—The stock market was irregular at the opening today. Some of the big speculative

issues made gains. General Motors opened at 218 3/8 up 1 1/4. Mexican Petroleum at 178 up 1 3/4. United States Steel at 98 1/8 up 1/8. Baldwin at 110 7/8 up 1/4. and Union Pacific at 120 1/2 up 1/4.

CONFERENCE OF BOYS AND GIRLS NEXT WEEK

It has been decided to hold the Older Boys' and Girls' Conference in the Clearfield Presbyterian church instead of the First Baptist church as previously announced. By reason of the fact that the two churches are located side by side, very little confusion is likely to result from the change. The Committee found that the use of the facilities of the larger church would avoid considerable labor and expense. The Conference opens at 10 o'clock next Thursday morning, February 26th. Delegates who must come to Clearfield Wednesday evening in order to be on time for the morning session, will be furnished with free lodging and breakfast. The same is true of all delegates remaining after the Thursday evening session.

Mr. Orwig and Mr. Waite will arrive on Wednesday evening and a preliminary conference will be held that evening to be attended by District officers of the County Sunday School Association, and all teachers of boys' and girls' classes. A cordial invitation is extended to all Sunday School workers to attend this Wednesday evening conference. No enrollment fee is charged for this workers' meeting. A general invitation cannot be extended to the Boys' and Girls' Conference on Thursday. Only delegates with proper credentials are expected.

ELK COUNTY TOWNS COMBINE TO SUPPORT GOOD BASEBALL

Plans are now on foot for a representative Elk county baseball team, to be named Elkco, to be supported by Ridgway, Johnsonburg and St. Marys, for the coming season. It is hoped to hold a meeting Saturday of this week, at which time details will be discussed and a manager chosen.

It has been pointed out there will be so many strong teams in this vicinity during the coming summer that only a real aggregation will suffice for the three towns above mentioned. And those backing the movement want a real team, even better than the teams representing the towns in the big fight in 1916. It is planned to get out in the field and sign some first class baseball players. Oil City and Franklin are already signing and the personnel of the teams of these towns is nearly completed. Just who will be manager is not yet definitely known, although it is believed "Izzy" Hoffman, a former Ridgway manager, may be the choice. If such is the case no mistake will be made, as Hoffman knows where to get the players and how to get the most out of a team.

RESPECTED RESIDENT DIED AT NOON

B. F. Cole died at his home on Ogden avenue about 12:30 o'clock today, of pneumonia, following an attack of influenza. The deceased was a son of the late B. F. Cole, Sr., and had been a resident of this community practically all his life. He lived for a few years at Patton.

He was an upright, industrious man, respected by all who knew him and had been a valued employee of the Clearfield Foundry for several years. He leaves a widow, two sons and a daughter. His eldest son, the late Elmer Cole, died in France, where he was serving with the A. E. F.

Proper obituary and funeral notice later.

Perhaps This Is Worth Trying. Should a child grow up bad in China the parents are said to have forgotten to bind its wrists—allowing thereby a supposition that if a red cord is tied around an infant's wrists it cannot fail to grow up quiet and obedient.

2D WARD FIRE CO WELCOMES ITS SERVICE MEN

Reception To Thirty-five Re-
turned Soldier Boys Attracts
Large Crowd of Friends

PROGRAM HIGHLY PLEASING

The "service men's reception" held at the Second Ward hose house last evening was one of the most delightful occasions in the history of that progressive bunch of fire fighters.

Thirty-five of the members of the Second Ward company entered Uncle Sam's service during the World War and as the fortunes of war decreed that all should return in health and strength to their homes here, and the last man arrived a few weeks ago, the company took official notice of the return with last evening's reception.

One thing about those Second ward fellows anything they have to do they do just about right, and when they have finished nothing is left undone or to be desired. Such was the case last evening. The committee in charge had prepared a program which was indeed a hummer. They had prayer, singing, music and speeches galore. In fact, in their selection of speakers they ran the gamut from preacher, mayor, editor, lawyer, down to Roy Chase. Everybody tried to tell the truth but the latter—he couldn't.

The service men and their friends to the number of several hundred crowded the spacious parlor of the company to participate in the festivities. The program was opened by Rev. Baldwin, of St. Andrew's Episcopal church, who delivered the invocation. This was followed by the singing of "America" by the assembly. Foreman Potter, who presided, then introduced Bro. John M. Bain, who delivered the address of welcome.

Miss Lucille McGee then favored with a very pretty solo, after which Chairman Potter announced that "the cats" were ready.

This part of the program was in the hands of the ladies of the West Side Methodist church, which is enough said for anybody who has ever been on hand when these capable ladies were in charge of feeding the multitude. They easily maintained their fine reputation and all hands enjoyed themselves to the limit.

Following the disappearance of the refreshments Chairman Potter called on the roll of service men and then called upon Mayor Chase, who delivered one of his characteristically able addresses. The Mayor has two hobbies—the soldier boys and the firemen—and has talk on this occasion demonstrated anew his warm affection for the men who do things.

H. B. Hartwick, Esq., a charter member of the company, who was unable to be present on account of sickness, was the next speaker. He expressed his pleasure at being able to welcome the boys home, and then paid glowing tribute to them both as soldiers and firemen.

The High School Quartette consisting of Messrs. Frederick Stewart, Clifford Shaw, Rex Ammerman and Robert Ferguson was next called upon and acquitted itself very creditably.

The next number was a pleasing solo by Miss Celestia Bonner. A. R. Chase, Esq., was the next speaker. He realized that he was taking the time of a good speaker or two and proceeded to lambaste the other fellows in fine style. He got away with it too, and it seemed to tickle the audience at that. He also recounted some ancient Second Ward history and closed with a handsome tribute to the guests of honor and the Second ward company as a whole.

After another delightful solo by Miss McGee, Rev. Baldwin was introduced and delivered an especially happy little talk. The Reverend gentleman paid his respects to the speaker who preceded him, neatly and deftly snatching off a few large-sized sections of cuticle. He said he was chased alright, but he didn't run.

The High School Quartette then cut a very small basketful of "Kindling Wood"—the size they provide at home usually, after which the best speech of the evening was made. Modesty forbids us to mention the

DUBOIS PLANS TO HOUSE ITS RESIDENTS

Business Men For Company
Which Will Engage In The
Building Of Houses

STOCK IS ALL SUBSCRIBED

At a meeting of well known citizens of DuBois an organization was perfected for the DuBois Housing Trust, an institution that is certain to have a great influence on the future growth and prosperity of DuBois. The capital stock was placed at \$100,000, with provisions made for increasing it to \$500,000 as the need arises. The par value of each share will be \$50, and there will be no limit to the amount of stock each individual or firm may acquire. It is a movement that invites and expects the hearty co-operation and support of every citizen of DuBois and it is expected that the distribution of the shares will be quite general.

The organization was perfected by the election of a board of trustees of nine, as follows: S. J. Schrecongost, B. M. Marlin, B. B. McCreight, W. G. Brown, E. W. Webster, Fred Brown, Con Allen, D. E. Hibner and J. W. Pifer. Following the selection of these men as directors a meeting was held and the directors elected the following officers:

President—D. E. Hibner.
Vice President—S. J. Schrecongost.
Secretary—W. G. Brown.
Treasurer—Con Allen.

The corporation deed or papers of trust will be filed at Clearfield this week, and the actual selling of stock will be started within a few days. This paper expects to print within a few days the digest of the stock certificate and the form of application. It will show just what is proposed by the new organization and the method of procedure. As stated the par value of the stock will be \$50. Ten per cent of this will be payable at the time of signing for the stock, 10 per cent on the first of April, 20 per cent on the first of May, and 20 per cent on the first of each month thereafter until fully paid, providing that it is necessary to call in all of the money during the first year. It is probable that after 50 per cent is called for, the demands will only be made as the need arises.

It will be noticed that the organization is to take the form of a trust company instead of a corporation. After going over the situation carefully it was deemed that this was the best form and it meets all requirements for safeguarding the interests of the shareholders. Just as soon as the deed of trust is made up and filed at Clearfield the organization will be ready for active work and a committee of solicitors will start out to secure subscriptions. There is every reason for believing that no difficulty will be experienced in securing the amount of subscriptions sought. Mr. Hibner, who has been elected president, and who has taken a very active interest in the organization of the trust, stated yesterday that he had received many inquiries in regard to the project and assurances that liberal subscriptions would be made.

The raising of a capital stock of \$100,000 for a project of this nature should not present a difficult task to DuBois, a city that subscribed for over \$1,000,000 worth of Liberty bonds on two different occasions. The organization is fortunate in having the services of Mr. Hibner, who has had experience in such matter and is known as a hustler. He is backed up by a group of business men who will give him every assistance possible.

The board of directors are serving without pay, devoting their time to the preliminary work that is necessary. Of course, when the movement reaches a stage where there are a name of this speaker; we are also afraid to give his name for fear of the editor's blue pencil on this banquet. Suffice it to say that everybody applauded—when he quit.

Rev. Baldwin's benediction brought an especially pleasant evening to a close. Miss Margaret Hames presided at the piano most capably during the evening. The committee responsible for the success of the affair follows: William Bock, Ira Jay, Charles Davis, John Briggs.

ROBERT E. PEARY, DISCOVERER OF NORTH POLE, DIES AT HIS HOME

WASHINGTON, Feb. 20—Rear Admiral Robert E. Peary, discoverer of the North Pole, died at 1:25 a. m. today. After an operation for blood transfusion the Admiral showed a slight change for the better and was taken to his home where he appeared to be recovering. A relapse was suffered during the night. Peary's wife, son, son-in-law, a doctor and a nurse were at his home when he died. Those offering the blood transfusion were men of the navy and attaches of the Naval hospital. The relatives with him when he died were his wife, his daughter, Mrs. Edward Stafford, famous as the "snow baby" born in the Arctic, his son, Robert L. Peary, Jr., and his niece Miss Elsie Diegitsch.

Peary's last public appearance was in February 1918 when he introduced Stefansson, an Arctic explorer to the National Geographical Society at a meeting here.

Peary has been a close follower of aviation developments and was President of the Aerial League of America.

CONGRESSMAN INTRODUCES BILL TO ALLOW STATES TO FIX DRINK TEST

WASHINGTON, Feb. 20—An amendment to the Volstead prohibition enforcement law which would allow states to decide how dry they shall be was introduced in the House today by Representative Minahan from New Jersey. Minahan would allow the states to set the maximum amount of alcohol to be used in making beverages containing less than half of one per cent. "My bill is entirely consistent with the Congressional amendment," he said, "because it simply provides that individual states may decide how much alcohol should be used," said Minahan.

PROVIDENCE, R. I., HOTEL BURNS THREE KILLED: BIG PROPERTY LOSS

PROVIDENCE, R. I., Feb. 20—Eight persons were accounted for today following a fire which caused the death of three persons when it virtually destroyed the Lexington Hotel here. It was believed by the police, however, that the missing persons have left the city as a thorough search of the burning building has revealed no trace of the bodies. An investigation was under way today to determine the origin of the blaze which caused a damage estimated at \$20,000.

MEXICAN REBELS REPULSED WITH LIFE LOSS OF 100 SAY DISPATCHES

WASHINGTON, Feb. 20—Mexican government troops routed a rebel garrison at Barra De Nautla and Barra De Tolman after killing more than 100, dispatches to the Mexican government today stated. Several rebel generals were killed. The rebels had attacked and occupied the town of Guadalupe, according to these dispatches where after pillaging they retreated, several Spaniards and Arabian merchants and domesticated \$20,000 for their release.

SENATE COMMITTEE FAVORS HOLDING UP SALE OF GERMAN SHIPS ON BOARD

WASHINGTON, Feb. 20—The Senate Commerce Committee today ordered a favorable report on the Jones bill to prevent the sale of the former German ships by the Shipping Board until Congress has authorized it.

HOUSE COMMITTEE APPROVES BILL FOR UNIVERSAL MILITARY TRAINING

WASHINGTON, Feb. 20—Universal military training is to be instituted on July 1, 1922 was approved today by the House military committee by a vote of 11 to 9.

W. J. MOORE HAS SHORT FALL

Plasterer W. J. Moore was pretty badly jacked and landed in a fall from a scaffold while at work at the County National Bank building this morning. Mr. Moore fell a distance of ten or twelve feet, striking on a window sill on his back.

He was rendered unconscious by his fall and was loaded up and taken to his home on Millville, where he will be confined to the house for several days.

Six Months \$2.00 One Month40

By Carrier 12 cents per Week Payable to Carrier
Entered at Post Office at Clearfield, Pa., as second class matter.

It is gratifying to note that the Second Ward Hose Company is continuing the good work of remembering the ex-service men.

Attention is directed to the notice that the Wednesday evening session of the Boys and Girls conference is open to all Sunday school teachers and workers but that the Thursday conference is open to only accredited delegates.

DuBois is planning to take care of her housing proposition as are other progressive towns in this state. Lewistown, for instance, took up her housing problem as a community enterprise and in a one day campaign raised \$100,000. Clearfield has this problem to solve and the time is ripe for experienced and wise heads to seek a solution.

Several years ago in a spasmodic attempt to correct the many evils of railroad domination of business and politics this government indulged in an orgy of railroad control legislation which brought into being the Interstate Commerce Commission and several thousand yards of unwindable red tape at a very fancy figure per yard. We fixed the rates of the roads and deserted them to let them make enough to keep going or give up the ghost. Several of them did give up the ghost while others were crippled in their expansion and the rendering of service to communities. So long as the government fixes the rates it follows that a guarantee should be given that a rate will be allowed which will yield a return. This is only one phase of the problem of returning the roads to their owners.

The relation of the retail price of merchandise to the wholesale price is debatable. Every retailer or seller of goods usually has a fixed rate of gross profit which he applies to the wholesale price which he pays. The merchant who strictly adheres to this method and does not mark his goods upward with the trend of the market is playing fair with the public. In our opinion, taking advantage of the market price is petty profiteering. The storekeeper who is content these days to keep his goods on the shelves knowing that the next season or the next month will bring a rising market and permit him to bring in fresh stocks from the warehouse to be marked up to the market level is profiteering. The successful merchant profits by quick turnovers. The object of this little dissertation is to call attention to the fact that a store that consistently advertises its wares is continually turning over its stock and it follows that that stock is being sold at the regular profit basis and has not been allowed to lay on the shelves for the rise in the market.

FREE Y. M. C. A. TICKET

A number of our generous Clearfield citizens and Y. M. C. A. directors have given the association generous subscriptions and the secretary permission to give a number of Y. M. C. A. membership tickets to worthy boys and girls who will use and appreciate them, and use and respect the association as a Christian institution, the same as a church or school building.

The principal attraction or membership privilege will be the use of the gymnasium for classes and games under the supervision of a competent physical director.

The Clearfield ladies have paid for a number of tickets for the school girls to have the use of the gymnasium.

Any boy or girl caring to accept a ticket will please call at the office and secure their ticket from the secretary.

RECEIVED ANOTHER COMPLAINT

Yesterday afternoon about three o'clock the driver of that Atlantic Reining Company truck attempted to leap coals of fire on the head of The Progress by making one trip past his office at a snail's pace. He reached the absurd extreme in the rawling gait of his machine passing his office. That it was entirely foreign to his manner of traveling was shown by the way he let her out when he passed First street, and on over the Market street bridge. By the time the west end of the bridge was reached he was back in his usual stride or speed, as was shown by a complaint concerning the manner in which he was sending his machine over the street received at this office this morning bright and early.

Woman's Wonderful Love.

There is in the heart of woman such a deep well of love that no age can freeze it.—Bible

Hats Off To Hoover And His Food Draft

You know Hoover—Heibert. He has made it possible for Americans to obtain a draft that is redeemable in food only at warehouses in the following cities: Hamburg, Warsaw, Vienna, Prague and Budapest. Then food can be forwarded to other points thru agencies.

This is the safest way for you to send food to relatives or friends who reside in countries wherein the rationing system is in effect or if you desire to aid in the general relief, send a Food Draft to Relief Headquarters in New York.

We'll be glad to go into detail for you if you'll step into the bank. No trouble at all—just another of those Clearfield Trust Company services that we're glad to render.

The Clearfield Trust Co.

HAIR BRUSHES

The name "hair brush" signifies nothing in the world except a brush for a certain purpose. When you see these hair brushes and inspect them they quickly signify their value. In solid backs, non-shedding bristles and adaptable shapes and sizes. Of course all our prices are the lowest.

Rubber Goods

We take particular care in the selection of the goods, and carry only standard and well-known brands; we insist upon the makers' guarantee and we give our guarantee in addition. If you can buy better hot water bottles, fountain syringes, nursery rubber, sick-room rubber, bath-room rubber than we sell, we do not know it.

PROBLEMS FACING STRICKEN WORLD

Shall Chaos or Reconstruction in Europe Follow the Great World War?

MEN CHANGED BY BATTLE

Soldiers Have Learned What Can Be Accomplished by the Use of Force, Sternly and Efficiently Applied.

Article IX

By FRANK COMERFORD.

Making a soldier out of a civilian does more than change the clothes he wears. It changes the man. Men who had never owned a revolver or rifle, who had never even shot one off, who had never killed anything in their lives, were given firearms. They were drilled, taught to shoot, taught to kill. The education was thorough and scientific. They learned to look down the sight of a rifle, pick out a human heart for a target, fire and eagerly watch for the man to fall. They were trained to rush madly at a wall of human beings and drive bayonets into men's heads and bowels. Many of these men a few years before would have fainted in a stockyard where cattle were being killed. For four years they have been in a human slaughterhouse, not only as spectators, but as part of the place. It steels these men. Many of them contracted the undertaker's point of view towards life, a fatalism without fear.

Experience in battle taught them the meaning of the word "force." They discovered that the individual was only important and efficient when he acted in concert with a great group. Everything depended upon team work. Men learned that a group of men working in harmony, with nerve and rifles with fixed bayonets, could do wonderful things. They could take an objective. In other words, take the thing they wanted and needed. When these men came back into civil life and took off khaki and put on overalls, the taking off of the khaki and the putting on of overalls did not erase from their minds this lesson the war had taught them.

This lesson has borne fruit. The men look at the employer as an enemy. The employer thinks of them as a commodity. Hatred is cordial. The men want something. They demand it. The employer refuses. Their objective is to get the thing they want and need. The war taught them there is a way, a weapon—Force. Today in Europe men reason, "if we can't get what we want, and need, we must take it. We have the force." Having grown habituated to suffering, accustomed to blood and death, they look with indifference on the question of danger, of peril. They saw that when nations could not agree they resorted to force. They discovered that victory generally went to the nation possessing the greatest force.

Threat of "Direct Action."

In the labor movement of Europe we have this idea in what is called "direct action." "Direct action" is nothing more or less than applying war methods to peace conditions. It is an effort on the part of great groups of working men to compel recognition of their demands. They seek to secure their objective by force. No allowance is made for the fact that methods justifiable in war are not right in peace. Few people will deny that war is the supreme expression of force.

Many men got their first taste of fresh air and decent food while in the army. Very properly the allied governments have the best of everything to the men in the armies. It isn't difficult to get accustomed to good food and fresh air; it is hard to go back to poor food and the restraints. Back home, many of the demobilized soldiers are not eating as well or as much as they ate during their service.

Notwithstanding the rigid discipline of army life, men are treated as men. The demobilized men in the ranks has rights that must be respected. This is not always the case in civil life. Then, too, while in uniform the private was made much of. Class distinction was obliterated. He was looked upon as one of his country's defenders. Since he has been demobilized he has been forgotten and neglected. This has soured him. He resents it. Social distinctions have come back. He is only a working man now.

Another cause of unrest among the working man of Europe grows out of the war. Mobilization took millions of men from their jobs. A great shortage of labor resulted. Employees were forced to compete to get men. The usual competition was among men to get jobs. The law of supply and demand affected the labor market wages went up. The soldier went off to war. While he was in the trenches the wages back home were high. His pay was small. Our fighting men were not interested in pay. They went to fight for a principle. With the coming of peace a large quantity of labor was dumped upon the market. The demobilized men rushed for employment. Competition for jobs. The same old law of supply and demand sent wages to begging. The number of men who

FORMER GRAMPAN RESIDENT DEAD

John Buige, a former resident of Grampian, died in Michigan the first of the week. The deceased enjoyed the respect and esteem of a large circle of friends in the Grampian section.

He is survived by his widow, two daughters and two sons, viz: Mrs. Ed. Haug of Bradford, Pa.; Mrs. Charles Koon, of Grampian; Howard, of Mt. Pleasant, and Gilbert, who is in the U. S. army, and stationed at Camp Taylor, Ky.

Flegal's Store News

We have stated in former Store News that all clothing and furnishings are 50 per cent. higher for Spring 1920. I know, for all Spring stock is bought at the advance. At first thought I could not see why—some one is acting unfairly, taking undue advantage of shortage of goods and an abnormal demand, and are demanding an unfair profit.

The public is thinking and talking the same way, and talking profiteering and grafting. Newspapers are adding to the volume of this cry and helping to sow poison and distrust in the public mind against manufacturers and merchants—all too often without proper investigation.

"Clothing manufacturing costs are advancing every month. Tailors' labor cost has advanced 98 per cent. in eight months and a 28 per cent demand is made for March 15th. Tailors now make from \$80.00 to \$90.00 per week, 40 hours. All materials, trimmings, buttons, haircloth, etc. are advancing sharply." The above is quoted from report of Clothing Manufacturers' Convention Atlantic City, in January 1919.

Extract from letter just received from Duofold Health underwear Co.

"Present market prices of raw materials are fluctuating between levels, which are from 100 to 150 per cent. higher than last year. Labor costs 62½ per cent more than one year ago—normal production impossible."

Extract from letter from The Manhattan Shirt Co., "Late deliveries of raw materials and the great reduction of the working hours in our factories have retarded production and it will be impossible to render the good service to which you are entitled, but just as soon as any of your numbers come through we will make prompt shipment."

So we have our troubles, not only of high prices, but trouble to get enough goods to supply our demands.

Remember Spring higher prices is a fact and not a theory. Buy from our present stock at present prices and you save money—Shirts, Suits and Overcoats. Buy all you need for a year.

Why Not Try A Little "Want Ad"

DRIGGS THEATRE---TONIGHT

He's the World's champion lariat-thrower; he is one of America's most popular humorists; he is a star of the Zeigfeld Folies; he is the homeliest man on the screen—and the funniest. Who?

Will Rogers in "ALMOST A HUSBAND"

This is the story of an accidental groom. He was a lawyer, a school teacher, a nurse-maid, a washerwoman—and ALMOST a husband. Then, quite accidentally he became a REAL husband. It's the funniest complication you ever saw. Don't miss this happy, snappy picture—with a human star in a human picture about human people.

**PROBLEMS FACING
STRICKEN WORLD**

Continued from Page Two.

wanted jobs was much greater than the number of places available. The returning soldier seeking a job was offered a much smaller wage than he knew was paid for the same work while he had been fighting. It incensed him. He figured that he had given four years out of his life, had come home tired and broke. He looked upon the decline in wages as a positive discrimination against him.

Comparison Breeds Discontent
Everywhere I have heard these men say: "We are out of luck. The bands played and we were applauded when we left to fight. While we were gone the wages went up. We don't begrudge the men who stayed at home the wages they got, but it's damn funny that when we come back down go wages. The cost of living don't go down. I guess we're out of luck."

I found two phrases inseparable in the speech of the discontented, "the high cost of living," "the profiteer." Workmen with whom I talked freely admitted that some of the high cost of living was the legitimate result of the great demand for every thing and the natural shortage, but in the same breath they insisted that much of it was due to the mercenary, ghoul-like profiteer.

The profiteer took blood money during the world's greatest tragedy. He exacted usury from the toiler at home and the fighting man at the front. He drew dividends out of the tears and walls of broken-hearted women and fright-stricken children. He nibbled his gold out of agony, starvation, heartaches. He stands today the Judas of the war, the most despised man of earth.

The profiteer is not an Englishman, a Frenchman, Italian or American. He is found in every country of the world a man without nationality, without conscience, without humanity. He is the pimp of civilization. He is still on the job.

The profiteer has given the United States a terrible black eye. A common comment of Europe is, "The United States made money out of the war." These people do not refer to the money we made legitimately. They point to the fact, a fact that has been given great publicity in Europe, that in August, 1914 there were about 7,000 millionaires in the United States while at the time of the signing of the armistice it was estimated the millionaire colony had increased by 23,000, making a total of 30,000 millionaires in the United States. The profiteer is still on the job. He is holding up the world, a starving, cold world.

Profiteering Case in Point.

Under date of November 17, 1919, J. S. Baché & Co., members of the New York stock exchange, in their financial letter say: "In mercantile circles there is proceeding at the present time a vast amount of speculation on a very large scale in commodities. An incident is cited to us of one concern that is carrying \$15,000,000 worth of vegetable oils which are in great demand and the concern is holding them for higher prices. This is a distinct damage to the consumers, and keeps living prices in these things used daily at top and increasing levels. Speculation of this kind is a real detriment to the community."

The pair of shoes the workman once bought for \$3.50 are now \$8 and \$10. It is true that the cost of labor and material have gone up, but not enough to warrant any such exorbitant prices. Business men have taken advantage of the situation and justify their larcenies on the ground of the law of supply and demand. A shoe man with a prominent Chicago firm, a man long in the business, told me that the present unwarranted and outrageous price of shoes was due to the fact that American shoe manufacturers could get almost any price for shoes from the barefooted people of Europe.

Governments are blamed for not dealing with this species of holdup. The discontented ask "Why isn't profiteering treason—why shouldn't these Faguns be sent to the wall with a firing squad as an escort?"

(Copyright 1920 Western Newspaper Union)

THANKS

February 18th, 1920.
The Clearfield Progress
Clearfield, Pa.
Gentlemen:—

I read your editorial regarding Clearfield's housing problem and am glad to see that there is someone "alive" in this town.

What is the matter with Clearfield? What are other towns doing? Let us see.

Our neighbor, Philipsburg has just completed twenty houses. The Chamber of Commerce of Philipsburg got together and built these houses, and sold them at cost, and I understand they are going to build more. Harrisburg adopted a "Housing Corporation" and sold the stock to its citizens, and built homes and rented them at a nominal rent. Other towns are doing the same and Clearfield is doing nothing.

Personally, I am in favor of the Philipsburg plan, and believe that at least twenty houses could be sold immediately.

How about it?

Very truly yours,
A. NORTON

Blood

Keep Your Blood Clean As You Keep Your Body Clean. You Don't Wait Until Your Body is Foul Before You Cleanse It

It is a matter of surprise that many people who are so careful to have clean bodies make no effort to keep the blood clean. Everyone knows that uncleanness breeds disease; that those who do not keep their bodies in a wholesome condition and who dwell in filthy surroundings are the first to fall when some epidemic of disease sweeps the country. But foul blood is more dangerous to the individual than a foul body. An unclean body is a passive rather than an active hindrance to health. But unclean blood is an active threat against the very life—it makes the body a prepared breeding place for disease.

It is a fact of Nature's plan for human safety that in many cases where the blood is impure or corrupt it sets a sign on the body in proof of the corrupt current that is flowing through the veins. Scrofula with its disfiguring sores and scars, eczema with its irritation, salt-rheum, tetter, erysipelas, boils, pimples and other eruptions are only the outward signs of the impurity of the blood. But even in the earlier or sunpler stages of the blood's impurity there are no outward signs of this condition; only dull, languid, sluggish feelings, which are commonly attributed solely to the sluggishness of the liver.

In view of the fact that everybody is liable to impurity of the blood why should we not treat the blood as we do the body—keep it clean on general principles? We wash and bathe regularly. We don't figure up how long we can go without cleansing the body or put off the bath until we become offensive. We intend to keep our bodies clean, and we wash regularly whether we appear to need it or not. If we keep the blood pure, we are less liable to fall victims to "flu."

Of all preparations for purifying the blood Dr. Pierce's Golden Medical Discovery easily takes the first place. It eliminates from the blood the elements which clog and corrupt it, and which breed and feed disease. It acts directly on the blood-making glands, increasing their activity, and so increasing the supply of rich, pure blood which is the life of the body. Put up in tablets and liquid and sold by druggists.

Many thousands in every state testify. Here is what one says:
Philadelphia, Pa.—"I have been troubled in the past for about four months or more with a rash. My face would all break out at times. I was visiting a friend and he told me to try Dr. Pierce's Golden Medical Discovery. It helped me wonderfully. I also took Dr. Pierce's Favorite Prescription. Now I have a clear skin—thanks and many thanks to Dr. Pierce. I shall never be without these two medicines in my home."

Cleaning White Paint.
Spirits of ammonia used in sufficient quantities to soften the water and ordinary hard soap will make a white painted surface look white and clean with half the effort of any other method. Care should be taken not to have too much ammonia.

Cement for China.
Mix a cupful of milk with a cupful of vinegar; separate curd from whey with the whites of five eggs, beating the whole thoroughly together. When it is well mixed sift in a little quicklime and stir until it is of the consistency of thick paste. With this brush the china, glass and crockery. It is very effective. It dries quickly and resists the action of water and heat.

**OUCH! LUMBAGO!
RUB IT ON BACK**

Rub away all pain soreness, stiffness, backache, with "St. Jacobs Liniment"

Ah! Pain is gone!
Quickly?—Yes! Almost instant relief from soreness, stiffness, lameness, and pain follows a gentle rubbing with "St. Jacobs Liniment."

Apply this soothing, penetrating oil directly upon the aches, and like

magic, relief comes. "St. Jacobs Liniment" conquers pain. It is a harmless backache, lumbago and sciatica relief which never disappoints, can not injure and doesn't burn or discolor the skin.

Straighten up! Stop those torturous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Liniment" from your druggist now and get this lasting relief.

Try a Progress West Ad.

EASILY TRACED

Thousands who are none too strong trace the present weakened state to influenza or some like-debilitating illness. Such could not do better than try the strength-restoring and body-building virtues of

SCOTT'S EMULSION

This efficient tonic is nourishment in a form that helps build up a healthy resistance. If you are not in your accustomed strength—rich, nourishing SCOTT'S EMULSION will help you. Try it!

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & S. Process" made in Norway and refined in our own laboratory. It is a guarantee of purity and reliability unsurpassed.

Ford
THE UNIVERSAL CAR

Only A Limited Number of Ford Cars

There are mighty good reasons why you should buy your Ford car now. But the biggest one is that there are only so many Ford cars—just a specified limited number—allotted to this territory. Those who buy their cars now will be wise. They will have them to use whenever they wish.

Don't put it off—next spring, even next month, is an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car, is to order it now. Get your name on an order. It is your protection.

Again we tell you the allotment for this territory is limited and you must buy now while deliveries are possible. As ever, the demand for Ford cars is always in advance of production. So it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.

**DON'T SUFFER
WITH NEURALGIA**

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems to split, when your temples ache, it draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, neuritis, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—conditions of the chest (it often prevents pneumonia). It is always dependable. 30c and 60c jars; hospital size \$2.50.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. They have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

NEWS OF OUR NEIGHBORS

PARADISE

We are glad to state that there is little or no flu out our way.

George Zumstein who has been in Chicago for the past year has returned home and accepted a position at the Nickel-Alloy Co.

Miss Thelma Ogden who has been confined to her home with scarlet fever is able to be around again.

Mrs. Louie Richardson and daughter Mrs. Harry Owens were called to Sharon on account of the serious illness of their son and brother Morris Richardson who is suffering from a severe attack of influenza and pneumonia.

Tom Thomas who lives on the Brett farm expects to move his family back to Paradise soon.

James Carns received word from Boise, Idaho, a few days ago announcing the sad news of the death of his brother, William Carns. William Carns lived in Clearfield for many years and has a host of friends here who will be sorry to hear of his death. He died of bronchial pneumonia and was buried on February 5. He is survived by a sorrowing widow, four daughters and one son, also by three brothers.

Quite a number of our young folks have been enjoying some jolly sleighing parties to Idora park.

It is rumored that one of Paradise's bachelors is about to enter into vows of matrimony. We "guess" he was always willing to take unto himself a wife but just a little backward about popping the question. Isn't Leap Year a wonderful thing for such poor, backward and dignified fellows. Time is growing closer every day where women are accomplishing their desires.

Sylvester Feiler, who has been in a very critical condition was removed from his home to the Clearfield hospital where he is undergoing treatment.

Miss Charlotte Peters, teacher of the primary school took her school to Curwensville for a sleighing party on Thursday last. The kiddies surely enjoyed the treat.

Last evening we read a little sketch in the paper where the driver for the Atlantic Refining company was scaring town folks half out of their wits. Well just let me say—don't get frightened until you see the truck passing through our burg. Until it becomes visible you cannot tell whether it is an aeroplane or a truck. Nevertheless the saying is a careful driver meets with few accidents and in a case like this there isn't time for any.

GRAMPIAN

Mrs. E. J. Wallizer was taken to the Clearfield hospital for treatment.

At present there are very few families in this vicinity that do not have some one on the sick list and many families with several.

Mrs. R. V. Deihl was taken to the Clearfield hospital on Tuesday evening.

The severe and drifting snowy weather caused the R. F. D. carriers to miss getting through their entire trips the first of the week.

The Goffe school with Miss Lois Fegley teacher visited the Union school on Friday.

Joseph Woods had a valuable driving horse to get kicked by another horse on Monday night breaking its leg this causing the animal to have to be killed.

CURWENSVILLE

A little daughter of Mr. and Mrs. Percy Shaffer died at the parent home on Wednesday night. The little one had been ill for several weeks.

Mail planes for the past three days four days have almost as plentiful as sparrows. Three passed over the south part of town, going east, and yesterday three flew west on a northern route. They made more of a racket than an old-fashioned threshing machine.

Gary Brenetti, who has been confined to his home by an attack of rheumatism, has recovered sufficiently as to be allowed to be out and mingle with friends again.

Editing a newspaper is very much like raking down a fire. Everyone thinks he can perform it better than the man who has the poker.

There will be preaching morning and evening at the United Christian church, Sunday next, at Curwensville.

RAILROAD OFFICIALS AND COUNCIL CONFER ON THIRD STREET

Division Engineer Meiley and Supervisor Thomas, of the Pennsylvania Railroad, met the Highway Department of Council on Third street yesterday, and discussed the improvement and repaving of that important thoroughfare.

Council has already decided on a 66-foot driveway on this street, of which it is expected the railroad company will pave the nine feet covered by their track.

Following this meeting Borough Engineer Hess will prepare a plan for the paving, and it is hoped to start work on same not later than May 1st.

A NEW BABY BOY AT KRAGLE HOME

A baby boy was born to Mr. and Mrs. John Kragle, nee Miss Josephine Hoyt, on Wednesday morning, February 18th, and is indeed a most welcome little newcomer. Their place of residence is in the Dunlap home, Presque Isle street, but the babe was born at the home of Mrs. Kragle's mother, Mrs. Ellen Hoyt, on Second street. The new babe will likely bear the name of its father—Phillipsburg Journal.

Chemist Beggs Says
Heat is absolutely necessary if you want to get rid of

**Rheumatism
or Gout**

"Heat eases pain," reduces the inflammation and scatters congestion, that is why I made Mustarine so many times stronger than any thing else you can buy. It cannot blister the tenderest skin even though it is as hot as a good old-fashioned mustard plaster.

Read once again the name at the top and remember that there's nothing better for lumbago, sciatica, sore throat, chest colds and all aches and pains because heat eases pain. 30 cents.

MUSTARINE

**SALTS FINE FOR
ACHING KIDNEYS**

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Saturday Specials AT WORKMAN'S CASH GROCERIES

(10 LIVE STORES, 1 NEAR YOU)

A few facts you might like to know:

**First Spring
Millinery Sale**

Before Nature begins to send out her first spring messages this store is ready with the first showing of Spring Hats.

There are some wonderful values being shown in this first gathering.

Three Groups Of Big Values
1.98, 2.98, 3.98

There is a big assortment of various styles and we hesitate to tell the value on today's market. Rest assured, though, that when we say that the selling price is about half the real value, we are conservative.

Ladies' Bazaar

A real Miner's Shoe--

As comfortable as leather, yet absolutely water-tight

HALF the foot troubles of miners—blisters, sores, chafed skin, aching muscles—come from just one thing: work shoes that aren't right.

Shoes that don't really fit, shoes too weak and flabby to support the feet properly, shoes that leak—they're what make you foot-heavy when you go home at night.

A real miner's rubber shoe—made on a good comfortable

FOR FARMERS, TOO

Built especially to stand up under hard use in mines—the hardest possible kind of wear—the U.S. Bootee and the U.S. Boot are now being adopted by farmers everywhere who know the value of sturdy, comfortable rubber footwear.

last, absolutely water-tight—that's the U. S. Bootee. Get a pair of them before you start work tomorrow.

Shaped so as not to rub up and down at the heel, plenty of room at the toes, the support

of a leather shoe—the U.S. Bootee is made especially for miners.

And they're made right, too—every pair backed up with extra thicknesses of pure rubber and good strong fabric at just those places where the wear is hardest.

Go to the store and see for yourself the U. S. Bootee for miners—any height you want, the high with six eyelets, the low with four.

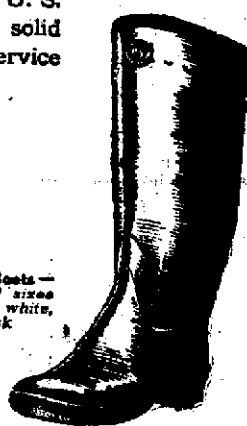

Look for the U. S. seal—it means solid wear and long service for your money.

"U.S." Bootee—comes in two heights, 4 eyelets and 6 eyelets, all sizes, white, red and black.

Ask for U.S. RUBBER FOOTWEAR

"U. S." Boots—made in all sizes and styles, white, red and black.

United States Rubber Company

Members Of C.C.A.A. Ratify Constitution

A meeting of the Clearfield County Athletic Association was held in the Arbitration Room of the court house last evening at which the report of the committee on the constitution and by-laws was heard. After considerable discussion the rules and regulations which are to govern the association were unanimously approved by the members present and other business discussed.

A great deal of consideration was given to the framing of the laws of the organization as it was the desire of the organizers and promoters that no stone be left unturned in their search for a working and workable plan of putting sports in Clearfield on a high plane and that the association be built on a bed of rock.

It is believed that the constitution as adopted forms the basis for a substantial method of directing the sporting proclivities of the red blooded men of Clearfield. Under it the organization will have the following officers who are to be elected at the next meeting which is called for Thursday, February 24th, a president, a vice president, a secretary, a treasurer and a board of directors of seven men. It is the aim of the promoters to induce responsible and influential men of Clearfield to accept directorships in the association in order that the true aim of the incorporators be carried to completion.

All activities coming under the management or direction of the association are to be divided into five separate branches or departments as follows: Basketball and Football, Basketball, Boxing and Wrestling, Racing and Track, Aquatic Sports. Each of these departments is to have its head, an appointee of the president. By this scheme it is believed a competent and eligible man will be at the helm to attend to the details of the sport, game or match. The heads of these five different branches are to form what is termed the Standing Committee and while each of these heads may bring matches, bouts and games to a head, they are forbidden under the constitution to make any match or stage any exhibition until the committee

as a whole has passed on the proposition. This Standing Committee will, therefore, become a Board of Censors. The president is a member ex officio of this committee. The president may remove any of these committeemen at will and under the rules is bound to dismiss any committee head upon petition of fifty one per cent. of the membership of record.

Such an organization should be able to keep up the bars against unfair sports, dishonest practices and fake attractions as the Standing Committee must pass on all contests before the papers are signed or any agreements made.

This is just the kind of an association that is needed to protect the loyal and enthusiastic sports of Clearfield. If you are invited to become a member of the C. C. A. A. we ask that you give it your earnest consideration. The charter will be open until next Thursday evening at seven-thirty o'clock.

FAREWELL RECEPTION FOR MRS. JOHNSON

The Kings Daughters of the Presbyterian church tendered a delightful farewell reception to Mrs. Harry Johnson last evening at the home of Mrs. Cecil Bloom on Market street. Twenty-eight were present and the evening was delightfully spent in playing games and other pastimes. Mrs. Johnson expects to leave for Indiana in the near future.

District Attorney John C. Arnold, who is a flu patient at his home on South Second street is improving in a highly satisfactory manner, his host of friends will be pleased to know.

FREE SHOW AT Y. M. C. A.

Saturday at 2 P. M. for School Children

On Saturday afternoon at 2 o'clock all the school children of Clearfield are cordially invited to the free exhibition to be given by about fifty boys members in drills, fancy marching and circus stunts, finishing with a good game of basket ball by two of the teams playing in the church league. Parents are welcome.

COURT NOTES

Kramer & Kramer entered suit in the Prothonotary's office yesterday on behalf of John H. Mayes who is seeking to recover \$185 from the Orner Woodworking Co., of DuBois. The plaintiff alleges this sum to be due him for installing some plumbing at the Osceola garage in Osceola, in August, 1918.

There will be a special preacher Wednesday or Friday of each week during Lent.

When the Rector is in charge the topic will be "The Apostles' Creed."
REV. R. D. BALDWIN,
Rector.

Picturesque New Zealand.
New Zealand is a land of mountains, gorges, rivers and fjords. The higher peaks of the south island are eternally snow capped and the glaciers of its southern Alps rival those of Switzerland. The surrounding seas are so cold for corals. Among the mountains of the north island volcanic fires are still active and the geysers and hot springs are little less impressive than those of the Yellowstone park.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful

of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.

Gossip for
Tonight's
Tea Table

Mr. and Mrs. John Flood and daughter Clare, of Leontes Mills, have been visiting Mr. and Mrs. Eugene Mahaffey, of Camden, N. J. Mr. Flood returned home today and his family will stay awhile at Camden.

Mrs. Russell Williams entertained last evening at a miscellaneous shower for Mrs. Chester Cowder. The bride was the recipient of many beautiful gifts of cut glass, linen, china and silver. Delightful refreshments were served.

Mrs. Harry Atack does not have scarlet fever, as the paper stated last evening.

Misses Maud Waple and Isabelle Thorburn spent last evening with the latter's parents in Olanta.

Miss Myrtle Bryan left this morning for Carlisle, to attend a house party at Dickinson College.

Henry Lybarger and daughter Kathryn and Mrs. Fred Goodmar, attended the funeral of the late Thomas Hartland, at Philipsburg yesterday.

Mrs. H. L. Snyder and daughter Ruth have returned to their home in Juniata, after a visit at the home of T. Lansing Snyder.

George Torrence has returned from a business trip to Punxsutawney.

Mrs. G. N. Ellenberger and granddaughter have returned from visiting relatives in DuBois.

Henry Highfield is home from the University of Pittsburgh, to spend the week end with his mother, Mrs. Lillian Highfield.

A. J. Hagerty has returned from Philadelphia, where he was undergoing an operation on his eyes.

John Hartland, of St. Marys, attended the funeral of Thomas Hartland at Philipsburg yesterday, and stopped to visit with relatives here.

W. F. Reiter, of Karthaus, spent yesterday with Mrs. Mary Reiter on Fourth street.

A fine big baby girl arrived at the home of Mr. and Mrs. John McNulty on Third street, Thursday morning.

Miss Cora Kline is ill with the flu at her home on Fifth street.

Misses Loraine Thurston and Mary Tiedgen attended the dance at Glen Richey last evening.

Miss Augusta Harwick is visiting with relatives and friends in Pittsburgh.

Peter Laddo, Joe Pratt and Tom Tatinanni, a trio of local business men, returned this morning from a business trip to Pittsburgh.

Born, to Mr. and Mrs. T. H. Canavan, at their home on Nichols street, last night, a son.

AUTO SLIPPED OFF ROAD

A. Wright Bigler jammed his automobile against a telephone pole in the Curwensville Narrows while on his way home from his mines near Curwensville, yesterday afternoon. The accident occurred a short distance beyond the B. R. & P. crossing at Dorsey Bailey's. Mr. Bigler in attempting to turn out of the rut to let another machine pass, slid down off the road and was going over the steep bank when he ran the machine head-on against the telephone pole. With the assistance of some fellow-motorists, the machine returned to the road and ran under its own power down as far as the water trough at Hoyt's, where it was parked along the road, and Mr. Bigler completed his journey into town on foot.

The radiator of the car was considerably damaged, but Mr. Bigler escaped injury, although his corns suffered somewhat on the drive into town. Wright says it was the first time he had to walk home in all his eight years of motoring.

WILL LOCATE IN CALIFORNIA

A. R. Hubler has disposed of his Hillsdale farm to Al. Roy and Richard Fullington, and expects to accompany George Beam, of Kylertown, to Los Angeles, California, where they will locate for the future.

Mr. Hubler is advertising a personal property sale at his Hillsdale farm for February 28th.

The Hubler farm contains 40 acres of fine farm land, all underlaid with three veins of valuable coal. It also contains a ten foot vein of fire clay. The price paid was \$13,000, and it is recognized as one of the best deals made in this section recently.

NUMBER 107

VOLUME XIV

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. FRIDAY EVENING FEBRUARY 20 1920

PRESIDENT SURE HIS FIUME NOTE WILL BE TAKEN AS THE LAST WORD

FULL CORRESPONDENCE EXPECTED TO BE
MADE PUBLIC AS FINAL NOTE IS
SENT TO PREMIERS

NOTE PLACED ON CABLES TODAY

WASHINGTON, Feb. 20—President Wilson's late note on the Adriatic settlement is regarded at the White House as his final word on the subject it was stated today. Officials said "he thought that further correspondence would not be necessary."

Before the President's note was put on the cables a copy will be submitted by him to the State Department for final approval. Officials who are anxious for the publication of the entire correspondence hoped the note would get off today. It is believed that the President is not averse to publication but will defer his consent until he has advice on the subject from Acting Secretary Polk of the State Department.

LONDON, Feb. 20—Despite the protests of the press against the secret deliberations of the Councils of Ambassadors and their refusal to make public President Wilson's Adriatic note the Allied reply it was understood today that the council will not change its attitude. Premier Lloyd George already has complained of an unauthorized publication of the note presumably the reports of the French press which printed an alleged foot note of Wilson's note in which the President threatened to withdraw from the Versailles treaty if the Adriatic plan was not acceptable.

NEW YORK STATE REPUBLICANS URGE IMMEDIATE RATIFICATION OF TREATY

NEW YORK, Feb. 20—Immediate ratification of the peace treaty with distinct reservations to protect American interests is recommended in the state Republican convention. The platform was adopted by a committee headed by Dr. Nicholas Murray Butler. It was regarded in many quarters as a possible forecast of the attitude of the New York Republicans toward the National Republican platform which will be adopted at the Chicago convention.

P. O. COMMITTEE OKEHS CROSS-NATION AIR MAIL: DROPPING SHORT ROUTES

WASHINGTON, Feb. 20—The Senate Postoffice committee voted to recommend establishment of an aerial mail route from New York to San Francisco and the dropping of the routes from New York to Washington and from New York to Chicago. This action was upheld earlier in the week by the sub-committee.

PREPARING TO TRY GERMAN CRIMINALS

LONDON, Feb. 19—The greatest legal task in the annals of crime will be begun at Paris tomorrow when representatives of Great Britain, France and Belgium, will begin the work of drafting the indictment against the German alleged war criminals who are to be tried by the German supreme court at Leipzig.

Lord Birkenhead, the British representative, went to Paris today accompanied by a large staff of assistants, prepared to examine thousands of papers of evidence, collected against the alleged culprits. Separate indictments will be made out against everyone of the nearly 900 accused. In each case a list of witnesses in England, France and Belgium will be cited, whom the German prosecuting lawyers will be able to call when the cases are opened.

As England calls for the trial of only 97 German nationals, its task will be light as compared with that of the French and Belgian staff.

STOCK OPENINGS

NEW YORK, Feb. 20—The stock market was irregular at the opening today. Some of the big speculative

issues made gains. General Motors opened at 218 3/8 up 1 1/4. Mexican Petroleum at 178 up 1 3/4. United States Steel at 98 1/8 up 1/8. Baldwin at 110 7/8 up 1/4. and Union Pacific at 120 1/2 up 1/4.

CONFERENCE OF BOYS AND GIRLS NEXT WEEK

It has been decided to hold the Older Boys' and Girls' Conference in the Clearfield Presbyterian church instead of the First Baptist church as previously announced. By reason of the fact that the two churches are located side by side, very little confusion is likely to result from the change. The Committee found that the use of the facilities of the larger church would avoid considerable labor and expense. The Conference opens at 10 o'clock next Thursday morning, February 26th. Delegates who must come to Clearfield Wednesday evening in order to be on time for the morning session, will be furnished with free lodging and breakfast. The same is true of all delegates remaining after the Thursday evening session.

Mr. Orwig and Mr. Waite will arrive on Wednesday evening and a preliminary conference will be held that evening to be attended by District officers of the County Sunday School Association, and all teachers of boys' and girls' classes. A cordial invitation is extended to all Sunday School workers to attend this Wednesday evening conference. No enrollment fee is charged for this workers' meeting. A general invitation cannot be extended to the Boys' and Girls' Conference on Thursday. Only delegates with proper credentials are expected.

ELK COUNTY TOWNS COMBINE TO SUPPORT GOOD BASEBALL

Plans are now on foot for a representative Elk county baseball team, to be named Elkco, to be supported by Ridgway, Johnsonburg and St. Marys, for the coming season. It is hoped to hold a meeting Saturday of this week, at which time details will be discussed and a manager chosen.

It has been pointed out there will be so many strong teams in this vicinity during the coming summer that only a real aggregation will suffice for the three towns above mentioned. And those backing the movement want a real team, even better than the teams representing the towns in the big fight in 1916. It is planned to get out in the field and sign some first class baseball players. Oil City and Franklin are already signing and the personnel of the teams of these towns is nearly completed.

Just who will be manager is not yet definitely known, although it is believed "Izzy" Hoffman, a former Ridgway manager, may be the choice. If such is the case no mistake will be made, as Hoffman knows where to get the players and how to get the most out of a team.

RESPECTED RESIDENT DIED AT NOON

B. F. Cole died at his home on Ogden avenue about 12:30 o'clock today, of pneumonia, following an attack of influenza.

The deceased was a son of the late B. F. Cole, Sr., and had been a resident of this community practically all his life. He lived for a few years at Patton.

He was an upright, industrious man, respected by all who knew him and had been a valued employee of the Clearfield Foundry for several years. He leaves a widow, two sons and a daughter. His eldest son, the late Elmer Cole, died in France, where he was serving with the A. E. F.

Proper obituary and funeral notice later.

Perhaps This Is Worth Trying
Should a child grow up bad in China the parents are said to have forgotten to bind its wrists—allowing thereby a supposition that if a red cord is tied around an infant's wrists it cannot fail to grow up quiet and obedient.

2D WARD FIRE CO WELCOMES ITS SERVICE MEN

Reception To Thirty-five Re-
turned Soldier Boys Attracts
Large Crowd of Friends

PROGRAM HIGHLY PLEASING

The "service men's reception" held at the Second Ward hose house last evening was one of the most delightful occasions in the history of that progressive bunch of fire fighters.

Thirty-five of the members of the Second Ward company entered Uncle Sam's service during the World War and as the fortunes of war decreed that all should return in health and strength to their homes here, and the last man arrived a few weeks ago, the company took official notice of the return with last evening's reception.

One thing about those Second ward fellows anything they have to do they do just about right, and when they have finished nothing is left undone or to be desired. Such was the case last evening. The committee in charge had prepared a program which was indeed a hummer. They had prayer, singing, music and speeches galore. In fact, in their selection of speakers they ran the gamut from preacher, mayor, editor, lawyer, down to Roy Chase. Everybody tried to tell the truth but the latter—he couldn't.

The service men and their friends to the number of several hundred crowded the spacious parlor of the company to participate in the festivities. The program was opened by Rev. Baldwin, of St. Andrew's Episcopal church, who delivered the invocation. This was followed by the singing of "America" by the assembly. Foreman Potter, who presided, then introduced Bro. John M. Bain, who delivered the address of welcome.

Miss Lucille McGee then favored with a very pretty solo, after which Chairman Potter announced that "the cats" were ready.

This part of the program was in the hands of the ladies of the West Side Methodist church, which is enough said for anybody who has ever been on hand when these capable ladies were in charge of feeding the multitude. They easily maintained their fine reputation and all hands enjoyed themselves to the limit.

Following the disappearance of the refreshments Chairman Potter called on the roll of service men and then called upon Mayor Chase, who delivered one of his characteristically able addresses. The Mayor has two hobbies—the soldier boys and the firemen—and has taken on this occasion demonstrated anew his warm affection for the men who do things.

H. B. Hartwick, Esq., a charter member of the company, who was unable to be present on account of sickness, was the next speaker. He expressed his pleasure at being able to welcome the boys home, and then paid glowing tribute to them both as soldiers and firemen.

The High School Quartette consisting of Messrs. Frederick Stewart, Clifford Shaw, Rex Ammerman and Robert Ferguson was next called upon and acquitted itself very creditably.

The next number was a pleasing solo by Miss Celestia Bonner.

A. R. Chase, Esq., was the next speaker. He realized that he was taking the time of a good speaker or two and proceeded to lambaste the other fellows in fine style. He got away with it too, and it seemed to tickle the audience at that. He also recounted some ancient Second Ward history and closed with a handsome tribute to the guests of honor and the Second ward company as a whole.

After another delightful solo by Miss McGee, Rev. Baldwin was introduced and delivered an especially happy little talk. The Reverend gentleman paid his respects to the speaker who preceded him, neatly and deftly snatching off a few larger-sized sections of cuticle. He said he was chased alright, but he didn't run.

The High School Quartette then cut a very small basketful of "Kindling Wood"—the size they provide at home usually, after which the best speech of the evening was made. Modesty forbids us to mention the

DUBOIS PLANS TO HOUSE ITS RESIDENTS

Business Men For Company
Which Will Engage In The
Building Of Houses

STOCK IS ALL SUBSCRIBED

At a meeting of well known citizens of DuBois an organization was perfected for the DuBois Housing Trust, an institution that is certain to have a great influence on the future growth and prosperity of DuBois. The capital stock was placed at \$100,000, with provisions made for increasing it to \$500,000 as the need arises. The par value of each share will be \$50, and there will be no limit to the amount of stock each individual or firm may acquire. It is a movement that invites and expects the hearty co-operation and support of every citizen of DuBois and it is expected that the distribution of the shares will be quite general.

The organization was perfected by the election of a board of trustees of nine, as follows: S. J. Schrecongost, B. M. Marlin, B. B. McCreight, W. G. Brown, E. W. Webster, Fred Brown, Con Allen, D. E. Hibner and J. W. Pifer. Following the selection of these men as directors a meeting was held and the directors elected the following officers:

President—D. E. Hibner.

Vice President—S. J. Schrecongost.

Secretary—W. G. Brown.

Treasurer—Con Allen.

The corporation deed or papers of trust will be filed at Clearfield this week, and the actual selling of stock will be started within a few days. This paper expects to print within a few days the digest of the stock certificate and the form of application. It will show just what is proposed by the new organization and the method of procedure. As stated the par value of the stock will be \$50. Ten per cent of this will be payable at the time of signing for the stock, 10 per cent on the first of April, 20 per cent on the first of May, and 20 per cent on the first of each month thereafter until fully paid, providing that it is necessary to call in all of the money during the first year. It is probable that after 50 per cent is called for, the demands will only be made as the need arises.

It will be noticed that the organization is to take the form of a trust company instead of a corporation. After going over the situation carefully it was deemed that this was the best form and it meets all requirements for safeguarding the interests of the shareholders. Just as soon as the deed of trust is made up and filed at Clearfield the organization will be ready for active work and a committee of solicitors will start out to secure subscriptions. There is every reason for believing that no difficulty will be experienced in securing the amount of subscriptions sought. Mr. Hibner, who has been elected president, and who has taken a very active interest in the organization of the trust, stated yesterday that he had received many inquiries in regard to the project and assurances that liberal subscriptions would be made.

The raising of a capital stock of \$100,000 for a project of this nature should not present a difficult task to DuBois, a city that subscribed for over \$1,000,000 worth of Liberty bonds on two different occasions. The organization is fortunate in having the services of Mr. Hibner, who has had experience in such matter and is known as a hustler. He is backed up by a group of business men who will give him every assistance possible.

The board of directors are serving without pay, devoting their time to the preliminary work that is necessary. Of course, when the movement reaches a stage where there are a

large number of houses to look after, new buildings to be erected and many other details requiring attention, it is probable that the services of a man to devote his time exclusively to this work will be necessary. But for the time being the directors will look after this work.

The Courier believes, as does almost everyone who has investigated the proposition, that it is the best thing for DuBois that has ever been originated, and we will be back of it with all possible earnestness.

name of this speaker; we are also afraid to give his name for fear of the editor's blue pencil on this banquet. Suffice it to say that everybody applauded—when he quit.

Rev. Baldwin's benediction brought an especially pleasant evening to a close.

Miss Margaret Hames presided at the piano most capably during the evening.

The committee responsible for the success of the affair follows: William Bock, Ira Jay, Charles Davis, John Briggs.

W. J. MOORE HAS GAINLY FALL
Plasterer W. J. Moore was pretty badly injured and landed in a hospital from a scaffold while at work at the County National Bank building this morning. Mr. Moore fell a distance of ten or twelve feet, striking on a window sill on his back.

He was removed immediately by his fall and was landed up and taken to his home on Millcreek, where he will be confined to the house for several days.

ROBERT E. PEARY, DISCOVERER OF NORTH POLE, DIES AT HIS HOME

WASHINGTON, Feb. 20—Rear Admiral Robert E. Peary, discoverer of the North Pole, died at 1:25 a. m. today. After an operation for blood transfusion the Admiral showed a slight change for the better and was taken to his home where he appeared to be recovering. A relapse was suffered during the night. Peary's wife, son, son-in-law, a doctor and a nurse were at his home when he died. Those offering the blood transfusion were men of the navy and attaches of the Naval hospital. The relatives with him when he died were his wife, his daughter, Mrs. Edward Stafford, famous as the "snow baby" born in the Arctic, his son, Robert L. Peary, Jr., and his niece Miss Elsie Diegitsch.

Peary's last public appearance was in February 1918 when he introduced Stefansson, an Arctic explorer to the National Geographical Society at a meeting here.

Peary has been a close follower of aviation developments and was President of the Aerial League of America.

CONGRESSMAN INTRODUCES BILL TO ALLOW STATES TO FIX DRINK TEST

WASHINGTON, Feb. 20—An amendment to the Volstead prohibition enforcement law which would allow states to decide how dry they shall be was introduced in the House today by Representative Minahan from New Jersey. Minahan would allow the states to set the maximum amount of alcohol to be used in making beverages containing less than half of one per cent. "My bill is entirely consistent with the Congressional amendment," he said, "because it simply provides that individual states may decide how much alcohol should be used," said Minahan.

PROVIDENCE, R. I., HOTEL BURNS THREE KILLED: BIG PROPERTY LOSS

PROVIDENCE, R. I., Feb. 20—Eight persons were accounted for today following a fire which caused the death of three persons when it virtually destroyed the Lexington Hotel here. It was believed by the police, however, that the missing persons have left the city as a thorough search of the ruins building has revealed no trace of the bodies. An investigation was under way today to determine the origin of the blaze which caused a damage estimated at \$20,000.

MEXICAN REBELS REPULSED WITH LIFE LOSS OF 100 SAY DISPATCHES

WASHINGTON, Feb. 20—Mexican government troops routed a rebel garrison at Barra De Nautla and Barra De Tolman after killing more than 100, dispatches to the Mexican government today stated. Several rebel generals were killed. The rebels had attacked and occupied the town of Guadalupe, according to these dispatches where after pillaging they retreated, several Spaniards and Arabian merchants and domestic animals for their release.

SENATE COMMITTEE FAVORS HOLDING UP SALE OF GERMAN SHIPS ON BOARD

WASHINGTON, Feb. 20—The Senate Commerce Committee today ordered a favorable report on the Jones bill to prevent the sale of the former German ships by the Shipping Board until Congress has authorized it.

HOUSE COMMITTEE APPROVES BILL FOR UNIVERSAL MILITARY TRAINING

WASHINGTON, Feb. 20—Universal military training is to be instituted on July 1, 1922 was approved today by the House military committee by a vote of 11 to 9.

large number of houses to look after, new buildings to be erected and many other details requiring attention, it is probable that the services of a man to devote his time exclusively to this work will be necessary. But for the time being the directors will look after this work.

Entered at Post Office at Clearfield, Pa., as second class matter.

It is gratifying to note that the Second Ward Hose Company is continuing the good work of remembering the ex-service men.

Attention is directed to the notice that the Wednesday evening session of the Boys and Girls conference is open to all Sunday school teachers and workers but that the Thursday conference is open to only accredited delegates.

DuBois is planning to take care of her housing proposition as are other progressive towns in this state. Lewistown, for instance, took up her housing problem as a community enterprise and in a one day campaign raised \$100,000. Clearfield has this problem to solve and the time is ripe for experienced and wise heads to seek a solution.

Several years ago in a spasmodic attempt to correct the many evils of railroad domination of business and politics this government indulged in an orgy of railroad control legislation which brought into being the Interstate Commerce Commission and several thousand yards of unwindable red tape at a very fancy figure per yard. We fixed the rates of the roads and deserted them to let them make enough to keep going or give up the ghost. Several of them did give up the ghost while others were crippled in their expansion and the rendering of service to communities. So long as the government fixes the rates it follows that a guarantee should be given that a rate will be allowed which will yield a return. This is only one phase of the problem of returning the roads to their owners.

The relation of the retail price of merchandise to the wholesale price is debatable. Every retailer or seller of goods usually has a fixed rate of gross profit which he applies to the wholesale price which he pays. The merchant who strictly adheres to this method and does not mark his goods upward with the trend of the market is playing fair with the public. In our opinion, taking advantage of the market price is petty profiteering. The storekeeper who is content these days to keep his goods on the shelves knowing that the next season or the next month will bring a rising market and permit him to bring in fresh stocks from the warehouse to be marked up to the market level is profiteering. The successful merchant profits by quick turnovers. The object of this little dissertation is to call attention to the fact that a store that consistently advertises its wares is continually turning over its stock and it follows that that stock is being sold at the regular profit basis and has not been allowed to lay on the shelves for the rise in the market.

FREE Y. M. C. A. TICKET

A number of our generous Clearfield citizens and Y. M. C. A. directors have given the association generous subscriptions and the secretary permission to give a number of Y. M. C. A. membership tickets to worthy boys and girls who will use and appreciate them, and use and respect the association as a Christian institution, the same as a church or school building.

The principal attraction or membership privilege will be the use of the gymnasium for classes and games under the supervision of a competent physical director.

The Clearfield ladies have paid for a number of tickets for the school girls to have the use of the gymnasium.

Any boy or girl caring to accept a ticket will please call at the office and secure their ticket from the secretary.

RECEIVED ANOTHER COMPLAINT

Yesterday afternoon about three o'clock the driver of that Atlantic Reining Company truck attempted to leap coals of fire on the head of The Progress by making one trip past his office at a snail's pace. He reached the absurd extreme in the rawling gait of his machine passing his office. That it was entirely foreign to his manner of traveling was shown by the way he let her out when he passed First street, and on over the Market street bridge. By the time the west end of the bridge was reached he was back in his usual stride or speed, as was shown by a complaint concerning the manner in which he was sending his machine over the street received at this office this morning bright and early.

Woman's Wonderful Love.

There is in the heart of woman such a deep well of love that no age can freeze it.—Bible.

Hats Off To Hoover And His Food Draft

You know Hoover—Heibert. He has made it possible for Americans to obtain a draft that is redeemable in food only at warehouses in the following cities: Hamburg, Warsaw, Vienna, Prague and Budapest. Then food can be forwarded to other points thru agencies.

This is the safest way for you to send food to relatives or friends who reside in countries wherein the rationing system is in effect or if you desire to aid in the general relief, send a Food Draft to Relief Headquarters in New York.

We'll be glad to go into detail for you if you'll step into the bank. No trouble at all—just another of those Clearfield Trust Company services that we're glad to render.

The Clearfield Trust Co.

HAIR BRUSHES

The name "hair brush" signifies nothing in the world except a brush for a certain purpose. When you see these hair brushes and inspect them they quickly signify their value. In solid backs, non-shedding bristles and adaptable shapes and sizes. Of course all our prices are the lowest.

Rubber Goods

We take particular care in the selection of the goods, and carry only standard and well-known brands; we insist upon the makers' guarantee and we give our guarantee in addition. If you can buy better hot water bottles, fountain syringes, nursery rubber, sick-room rubber, bath-room rubber than we sell, we do not know it.

PROBLEMS FACING STRICKEN WORLD

Shall Chaos or Reconstruction in Europe Follow the Great World War?

MEN CHANGED BY BATTLE

Soldiers Have Learned What Can Be Accomplished by the Use of Force, Sternly and Efficiently Applied.

Article IX

By FRANK COMERFORD.

Making a soldier out of a civilian does more than change the clothes he wears. It changes the man. Men who had never owned a revolver or rifle, who had never even shot one off, who had never killed anything in their lives, were given firearms. They were drilled, taught to shoot, taught to kill. The education was thorough and scientific. They learned to look down the sight of a rifle, pick out a human heart for a target, fire and eagerly watch for the man to fall. They were trained to rush madly at a wall of human beings and drive bayonets into men's heads and bowels. Many of these men a few years before would have faintled in a stockyard where cattle were being killed. For four years they have been in a human slaughterhouse, not only as spectators, but as part of the place. It steels these men. Many of them contracted the undertaker's point of view towards life, a fatalism without fear.

Experience in battle taught them the meaning of the word "force." They discovered that the individual was only important and efficient when he acted in concert with a great group. Everything depended upon team work. Men learned that a group of men working in harmony, with nerve and rifles with fixed bayonets, could do wonderful things. They could take an objective. In other words, take the thing they wanted and needed. When these men came back into civil life and took off khaki and put on overalls, the taking off of the khaki and the putting on of overalls did not erase from their minds this lesson the war had taught them.

This lesson has borne fruit. The men look at the employer as an enemy. The employer thinks of them as a commodity. Hatred is cordial. The men want something. They demand it. The employer refuses. Their objective is to get the thing they want and need. The war taught them there is a way, a weapon—Force. Today in Europe men reason, "if we can't get what we want, and need, we must take it. We have the force." Having grown habituated to suffering, accustomed to blood and death, they look with indifference on the question of danger, of peril. They saw that when nations could not agree they resorted to force. They discovered that victory generally went to the nation possessing the greatest force.

Threat of "Direct Action."

In the labor movement of Europe we have this idea in what is called "direct action." "Direct action" is nothing more or less than applying war methods to peace conditions. It is an effort on the part of great groups of working men to compel recognition of their demands. They seek to secure their objective by force. No allowance is made for the fact that methods justifiable in war are not right in peace. Few people will deny that war is the supreme expression of force.

Many men got their first taste of fresh air and decent food while in the army. Very properly the allied governments have the best of everything to the men in the armies. It isn't difficult to get accustomed to good food and fresh air; it is hard to go back to poor food and the restraints. Back home, many of the demobilized soldiers are not eating as well or as much as they ate during their service.

Notwithstanding the rigid discipline of army life, men are treated as men. The demobilized men in the ranks has rights that must be respected. This is not always the case in civil life. Then, too, while in uniform the private was made much of. Class distinction was obliterated. He was looked upon as one of his country's defenders. Since he has been demobilized he has been forgotten and neglected. This has soured him. He resents it. Social distinctions have come back. He is only a working man now.

Another cause of unrest among the working man of Europe grows out of the war. Mobilization took millions of men from their jobs. A great shortage of labor resulted. Employers were forced to compete to get men. The usual competition was among men to get jobs. The law of supply and demand affected the labor market wages went up. The soldier went off to war. While he was in the trenches the wages back home were high. His pay was small. Our fighting men were not interested in pay. They went to fight for a principle. With the coming of peace a large quantity of labor was dumped upon the market. The demobilized men rushed for employment. Competition for jobs. The same old law of supply and demand sent wages to begging. The number of men who

FORMER GRAMPAN RESIDENT DEAD

John Buige, a former resident of Grampian, died in Michigan the first of the week. The deceased enjoyed the respect and esteem of a large circle of friends in the Grampian section.

He is survived by his widow, two daughters and two sons, viz: Mrs. Ed. Haug of Bradford, Pa.; Mrs. Charles Koon, of Grampian; Howard, of Mt. Pleasant, and Gilbert, who is in the U. S. army, and stationed at Camp Taylor, Ky.

Flegal's Store News

We have stated in former Store News that all clothing and furnishings are 50 per cent. higher for Spring 1920. I know, for all Spring stock is bought at the advance. At first thought I could not see why—some one is acting unfairly, taking undue advantage of shortage of goods and an abnormal demand, and are demanding an unfair profit.

The public is thinking and talking the same way, and talking profiteering and grafting. Newspapers are adding to the volume of this cry and helping to sow poison and distrust in the public mind against manufacturers and merchants—all too often without proper investigation.

"Clothing manufacturing costs are advancing every month. Tailors' labor cost has advanced 98 per cent. in eight months and a 28 per cent demand is made for March 15th. Tailors now make from \$80.00 to \$90.00 per week, 40 hours. All materials, trimmings, buttons, haircloth, etc. are advancing sharply." The above is quoted from report of Clothing Manufacturers' Convention Atlantic City, in January 1919.

Extract from letter just received from Duofold Health underwear Co.

"Present market prices of raw materials are fluctuating between levels, which are from 100 to 150 per cent. higher than last year. Labor costs 62 1/2 per cent more than one year ago—normal production impossible."

Extract from letter from The Manhattan Shirt Co., "Late deliveries of raw materials and the great reduction of the working hours in our factories have retarded production and it will be impossible to render the good service to which you are entitled, but just as soon as any of your numbers come through we will make prompt shipment."

So we have our troubles, not only of high prices, but trouble to get enough goods to supply our demands.

Remember Spring higher prices is a fact and not a theory. Buy from our present stock at present prices and you save money—Shirts, Suits and Overcoats. Buy all you need for a year.

**PROBLEMS FACING
STRICKEN WORLD**

Continued from Page Two.

wanted jobs was much greater than the number of places available. The returning soldier seeking a job was offered a much smaller wage than he knew was paid for the same work while he had been fighting. It incensed him. He figured that he had given four years out of his life, had come home tired and broke. He looked upon the decline in wages as a positive discrimination against him.

Comparison Breeds Discontent
Everywhere I have heard these men say: "We are out of luck. The bands played and we were applauded when we left to fight. While we were gone the wages went up. We don't begrudge the men who stayed at home the wages they got, but it's damn funny that when we come back down go wages. The cost of living don't go down. I guess we're out of luck."

I found two phrases inseparable in the speech of the discontented, "the high cost of living," "the profiteer." Workmen with whom I talked freely admitted that some of the high cost of living was the legitimate result of the great demand for every thing and the natural shortage, but in the same breath they insisted that much of it was due to the mercenary, ghoul-like profiteer.

The profiteer took blood money during the world's greatest tragedy. He exacted usury from the toiler at home and the fighting man at the front. He drew dividends out of the tears and walls of broken-hearted women and fright-stricken children. He nibbled his gold out of agony, starvation, heartaches. He stands today the Judas of the war, the most despised man of earth.

The profiteer is not an Englishman, a Frenchman, Italian or American. He is found in every country of the world a man without nationality, without conscience, without humanity. He is the pimp of civilization. He is still on the job.

The profiteer has given the United States a terrible black eye. A common comment of Europe is, "The United States made money out of the war." These people do not refer to the money we made legitimately. They point to the fact, a fact that has been given great publicity in Europe, that in August, 1914 there were about 7,000 millionaires in the United States while at the time of the signing of the armistice it was estimated the millionaire colony had increased by 23,000, making a total of 30,000 millionaires in the United States. The profiteer is still on the job. He is holding up the world, a starving, cold world.

Profiteering Case in Point.

Under date of November 17, 1919, J. S. Baché & Co., members of the New York stock exchange, in their financial letter say: "In mercantile circles there is proceeding at the present time a vast amount of speculation on a very large scale in commodities. An incident is cited to us of one concern that is carrying \$15,000,000 worth of vegetable oils which are in great demand and the concern is holding them for higher prices. This is a distinct damage to the consumers, and keeps living prices in these things used daily at top and increasing levels. Speculation of this kind is a real detriment to the community."

The pair of shoes the workman once bought for \$3.50 are now \$8 and \$10. It is true that the cost of labor and material have gone up, but not enough to warrant any such exorbitant prices. Business men have taken advantage of the situation and justify their larcenies on the ground of the law of supply and demand. A shoe man with a prominent Chicago firm, a man long in the business, told me that the present unwarranted and outrageous price of shoes was due to the fact that American shoe manufacturers could get almost any price for shoes from the barefooted people of Europe.

Governments are blamed for not dealing with this species of holdup. The discontented ask "Why isn't profiteering treason—why shouldn't these Faguns be sent to the wall with a firing squad as an escort?"

(Copyright 1920 Western Newspaper Union)

THANKS

February 18th, 1920.
The Clearfield Progress
Clearfield, Pa.
Gentlemen:—

I read your editorial regarding Clearfield's housing problem and am glad to see that there is someone "alive" in this town.

What is the matter with Clearfield? What are other towns doing? Let us see.

Our neighbor, Philipsburg has just completed twenty houses. The Chamber of Commerce of Philipsburg got together and built these houses, and sold them at cost, and I understand they are going to build more. Harrisburg adopted a "Housing Corporation" and sold the stock to its citizens, and built homes and rented them at a nominal rent. Other towns are doing the same and Clearfield is doing nothing.

Personally, I am in favor of the Philipsburg plan, and believe that at least twenty houses could be sold immediately.

How about it?

Very truly yours,
A. NORTON

Blood

Keep Your Blood Clean As You Keep Your Body Clean. You Don't Wait Until Your Body is Foul Before You Cleanse It

It is a matter of surprise that many people who are so careful to have clean bodies make no effort to keep the blood clean. Everyone knows that uncleanness breeds disease; that those who do not keep their bodies in a wholesome condition and who dwell in filthy surroundings are the first to fall when some epidemic of disease sweeps the country. But foul blood is more dangerous to the individual than a foul body. An unclean body is a passive rather than an active hindrance to health. But unclean blood is an active threat against the very life—it makes the body a prepared breeding place for disease.

It is a fact of Nature's plan for human safety that in many cases where the blood is impure or corrupt it sets a sign on the body in proof of the corrupt current that is flowing through the veins. Scrofula with its disfiguring sores and scars, eczema with its irritation, salt-rheum, tetter, erysipelas, boils, pimples and other eruptions are only the outward signs of the impurity of the blood. But often in the earlier or sunpler stages of the blood's impurity there are no outward signs of this condition; only dull, languid, sluggish feelings, which are commonly attributed solely to the sluggishness of the liver.

In view of the fact that everybody is liable to impurity of the blood why should we not treat the blood as we do the body—keep it clean on general principles? We wash and bathe regularly. We don't figure up how long we can go without cleansing the body or put off the bath until we become offensive. We intend to keep our bodies clean, and we wash regularly whether we appear to need it or not. If we keep the blood pure, we are less liable to fall victims to "flu."

Of all preparations for purifying the blood Dr. Pierce's Golden Medical Discovery easily takes the first place. It eliminates from the blood the elements which clog and corrupt it, and which breed and feed disease. It acts directly on the blood-making glands, increasing their activity, and so increasing the supply of rich, pure blood which is the life of the body. Put up in tablets and liquid and sold by druggists.

Many thousands in every state testify. Here is what one says:
Philadelphia, Pa.—"I have been troubled in the past for about four months or more with a rash. My face would all break out at times. I was visiting a friend and he told me to try Dr. Pierce's Golden Medical Discovery. It helped me wonderfully. I also took Dr. Pierce's Favorite Prescription. Now I have a clear skin—thanks and many thanks to Dr. Pierce. I shall never be without these two medicines in my home."

MRS. B. O'CONNELL, 2302 Fitzwater Street.

Cleaning White Paint.
Spirits of ammonia used in sufficient quantities to soften the water and ordinary hard soap will make a white painted surface look white and clean with half the effort of any other method. Care should be taken not to have too much ammonia.

Cement for China.
Mix a cupful of milk with a cupful of vinegar; separate curd from whey with the whites of five eggs, beating the whole thoroughly together. When it is well mixed sift in a little quicklime and stir until it is of the consistency of thick paste. With this brush the china, glass and earthenware. It is very effective. It dries quickly and resists the action of water and heat.

**OUCH! LUMBAGO!
RUB IT ON BACK**

Rub away all pain soreness, stiffness, backache, with "St. Jacobs Liniment"

Ah! Pain is gone!
Quickly?—Yes! Almost instant relief from soreness, stiffness, lameness, and pain follows a gentle rubbing with "St. Jacobs Liniment."

Apply this soothing, penetrating oil directly upon the aches, and like

magic, relief comes. "St. Jacobs Liniment" conquers pain. It is a harmless backache, lumbago and sciatica relief which never disappoints, can not injure and doesn't burn or discolor the skin.

Straighten up! Stop those torturous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Liniment" from your druggist now and get this lasting relief.

Try a Progress West Ad.

Ford
THE UNIVERSAL CAR

Only A Limited Number of Ford Cars

There are mighty good reasons why you should buy your Ford car now. But the biggest one is that there are only so many Ford cars—just a specified limited number—allotted to this territory. Those who buy their cars now will be wise. They will have them to use whenever they wish.

Don't put it off—next spring, even next month, is an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car, is to order it now. Get your name on an order. It is your protection.

Again we tell you the allotment for this territory is limited and you must buy now while deliveries are possible. As ever, the demand for Ford cars is always in advance of production. So it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.

**DON'T SUFFER
WITH NEURALGIA**

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems to split, when your temples ache, it draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throats, bronchitis, croup, stiff neck, neuritis, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—conditions of the chest (it often prevents pneumonia). It is always dependable. 30c and 60c jars; hospital size \$2.50.

NOTICE WOMEN'S CLUB
The Women's Club will hold a social meeting Tuesday evening, February 24th, at 8 o'clock, at the home of Miss Isabelle Powell. There will be a musical program. P20-31-eh

**DYED HER FADED
SKIRT LIKE NEW**

"Diamond Dyes" Make Shabby Apparel Fresh, Bright.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings. The Direction Book with each package tells you plainly how to diamond dye over any color that you can not make a mistake.

It matches any material, have druggist show you "Diamond Dye" Color Card.

Sam Hartland, of Johnstown, spent yesterday at the home of William Wilson on Market street.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

NEWS OF OUR NEIGHBORS

PARADISE

We are glad to state that there is little or no flu out our way.

George Zumstein who has been in Chicago for the past year has returned home and accepted a position at the Nickel-Alloy Co.

Miss Thelma Ogden who has been confined to her home with scarlet fever is able to be around again.

Mrs. Louie Richardson and daughter Mrs. Harry Owens were called to Sharon on account of the serious illness of their son and brother Morris Richardson who is suffering from a severe attack of influenza and pneumonia.

Tom Thomas who lives on the Brett farm expects to move his family back to Paradise soon.

James Carns received word from Boise, Idaho, a few days ago announcing the sad news of the death of his brother, William Carns. William Carns lived in Clearfield for many years and has a host of friends here who will be sorry to hear of his death. He died of bronchial pneumonia and was buried on February 5. He is survived by a sorrowing widow, four daughters and one son, also by three brothers.

Quite a number of our young folks have been enjoying some jolly sleighing parties to Idora park.

It is rumored that one of Paradise's bachelors is about to enter into vows of matrimony. We "guess" he was always willing to take unto himself a wife but just a little backward about popping the question. Isn't Leap Year a wonderful thing for such poor, backward and dignified fellows. Time is growing closer every day where women are accomplishing their desires.

Sylvester Feiler, who has been in a very critical condition was removed from his home to the Clearfield hospital where he is undergoing treatment.

Miss Charlotte Peters, teacher of the primary school took her school to Curwensville for a sleighing party on Thursday last. The kiddies surely enjoyed the treat.

Last evening we read a little sketch in the paper where the driver for the Atlantic Refining company was scaring town folks half out of their wits. Well just let me say—don't get frightened until you see the truck passing through our burg. Until it becomes visible you cannot tell whether it is an aeroplane or a truck. Nevertheless the saying is a careful driver meets with few accidents and in a case like this there isn't time for any.

GRAMPIAN

Mrs. E. J. Wallizer was taken to the Clearfield hospital for treatment.

At present there are very few families in this vicinity that do not have some one on the sick list and many families with several.

Mrs. R. V. Deihl was taken to the Clearfield hospital on Tuesday evening.

The severe and drifting snowy weather caused the R. F. D. carriers to miss getting through their entire trips the first of the week.

The Goffe school with Miss Lois Fegley teacher visited the Union school on Friday.

Joseph Woods had a valuable driving horse to get kicked by another horse on Monday night breaking its leg this causing the animal to have to be killed.

CURWENSVILLE

A little daughter of Mr. and Mrs. Percy Shaffer died at the parent home on Wednesday night. The little one had been ill for several weeks.

Mail planes for the past three days four days have almost as plentiful as sparrows. Three passed over the south part of town, going east, and yesterday three flew west on a northern route. They made more of a racket than an old-fashioned threshing machine.

Gary Brenetti, who has been confined to his home by an attack of rheumatism, has recovered sufficiently as to be allowed to be out and mingle with friends again.

Editing a newspaper is very much like raking down a fire. Everyone thinks he can perform it better than the man who has the poker.

There will be preaching morning and evening at the United Christian church, Sunday next, at Curwensville.

RAILROAD OFFICIALS AND COUNCIL CONFER ON THIRD STREET

Division Engineer Meiley and Supervisor Thomas, of the Pennsylvania Railroad, met the Highway Department of Council on Third street yesterday, and discussed the improvement and repaving of that important thoroughfare.

Council has already decided on a 66-foot driveway on this street, of which it is expected the railroad company will pave the nine feet covered by their track.

Following this meeting Borough Engineer Hess will prepare a plan for the paving, and it is hoped to start work on same not later than May 1st.

A NEW BABY BOY AT KRAGLE HOME

A baby boy was born to Mr. and Mrs. John Kragle, nee Miss Josephine Hoyt, on Wednesday morning, February 18th, and is indeed a most welcome little newcomer. Their place of residence is in the Dunlap home, Presque Isle street, but the babe was born at the home of Mrs. Kragle's mother, Mrs. Ellen Hoyt, on Second street. The new babe will likely bear the name of its father—Phillipsburg Journal.

Chemist Beggs Says
Heat is absolutely necessary if you want to get rid of

**Rheumatism
or Gout**

"Heat eases pain," reduces the inflammation and scatters congestion, that is why I made Mustarine so many times stronger than any thing else you can buy. It cannot blister the tenderest skin even though it is as hot as a good old-fashioned mustard plaster. Read once again the name at the top and remember that there's nothing better for lumbago, sciatica, sore throat, chest colds and all aches and pains because heat eases pain. 30 cents.

**SALTS FINE FOR
ACHING KIDNEYS**

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Saturday Specials AT WORKMAN'S CASH GROCERIES

(10 LIVE STORES, 1 NEAR YOU)

A few facts you might like to know:

The Workman Cash Grocery Stores are owned and operated by Working men, all of whom are satisfied with a fair return on their investment. **First Spring
Millinery Sale**

Before Nature begins to send out her first spring messages this store is ready with the first showing of Spring Hats.

There are some wonderful values being shown in this first gathering.

Three Groups Of Big Values
1.98, 2.98, 3.98

There is a big assortment of various styles and we hesitate to tell the value on today's market. Rest assured, though, that when we say that the selling price is about half the real value, we are conservative.

Ladies' Bazaar

A real Miner's Shoe--

As comfortable as leather, yet absolutely water-tight

HALF the foot troubles of miners—blisters, sores, chafed skin, aching muscles—come from just one thing: work shoes that aren't right.

Shoes that don't really fit, shoes too weak and flabby to support the feet properly, shoes that leak—they're what make you foot-heavy when you go home at night.

A real miner's rubber shoe—made on a good comfortable

FOR FARMERS, TOO

Built especially to stand up under hard use in mines—the hardest possible kind of wear—the U.S. Bootee and the U.S. Boot are now being adopted by farmers everywhere who know the value of sturdy, comfortable rubber footwear.

last, absolutely water-tight—that's the U. S. Bootee. Get a pair of them before you start work tomorrow.

Shaped so as not to rub up and down at the heel, plenty of room at the toes, the support

of a leather shoe—the U.S. Bootee is made especially for miners.

And they're made right, too—every pair backed up with extra thicknesses of pure rubber and good strong fabric at just those places where the wear is hardest.

Go to the store and see for yourself the U. S. Bootee for miners—any height you want, the high with six eyelets, the low with four.

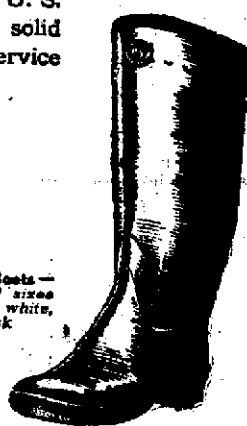

Look for the U. S. seal—it means solid wear and long service for your money.

"U.S." Bootee—comes in two heights, 4 eyelets and 6 eyelets, all sizes, white, red and black.

Ask for U.S. RUBBER FOOTWEAR

"U. S." Boots—made in all sizes and styles, white, red and black.

United States Rubber Company

Members Of C.C.A.A. Ratify Constitution

A meeting of the Clearfield County Athletic Association was held in the Arbitration Room of the court house last evening at which the report of the committee on the constitution and by-laws was heard. After considerable discussion the rules and regulations which are to govern the association were unanimously approved by the members present and other business discussed.

A great deal of consideration was given to the framing of the laws of the organization as it was the desire of the organizers and promoters that no stone be left unturned in their search for a working and workable plan of putting sports in Clearfield on a high plane and that the association be built on a bed of rock.

It is believed that the constitution as adopted forms the basis for a substantial method of directing the sporting proclivities of the red blooded men of Clearfield. Under it the organization will have the following officers who are to be elected at the next meeting which is called for Thursday, February 24th, a president, a vice president, a secretary, a treasurer and a board of directors of seven men. It is the aim of the promoters to induce responsible and influential men of Clearfield to accept directorships in the association in order that the true aim of the incorporation be carried to completion.

All activities coming under the management or direction of the association are to be divided into five separate branches or departments as follows: Basketball and Football, Basketball, Boxing and Wrestling, Racing and Track, Aquatic Sports. Each of these departments is to have its head, an appointee of the president. By this scheme it is believed a competent and eligible man will be at the helm to attend to the details of the sport, game or match. The heads of these five different branches are to form what is termed the Standing Committee and while each of these heads may bring matches, bouts and games to a head, they are forbidden under the constitution to make any match or stage any exhibition until the committee

as a whole has passed on the proposition. This Standing Committee will, therefore, become a Board of Censors. The president is a member ex officio of this committee. The president may remove any of these committeemen at will and under the rules is bound to dismiss any committee head upon petition of fifty one per cent. of the membership of record.

Such an organization should be able to keep up the bars against unfair sports, dishonest practices and fake attractions as the Standing Committee must pass on all contests before the papers are signed or any agreements made.

This is just the kind of an association that is needed to protect the loyal and enthusiastic sports of Clearfield. If you are invited to become a member of the C. C. A. A. we ask that you give it your earnest consideration. The charter will be open until next Thursday evening at seven-thirty o'clock.

FAREWELL RECEPTION FOR MRS. JOHNSON

The Kings Daughters of the Presbyterian church tendered a delightful farewell reception to Mrs. Harry Johnson last evening at the home of Mrs. Cecil Bloom on Market street. Twenty-eight were present and the evening was delightfully spent in playing games and other pastimes. Mrs. Johnson expects to leave for Indiana in the near future.

District Attorney John C. Arnold, who is a flu patient at his home on South Second street is improving in a highly satisfactory manner, his host of friends will be pleased to know.

FREE SHOW AT Y. M. C. A.

Saturday at 2 P. M. for School Children

On Saturday afternoon at 2 o'clock all the school children of Clearfield are cordially invited to the free exhibition to be given by about fifty boys members in drills, fancy marching and circus stunts, finishing with a good game of basket ball by two of the teams playing in the church league. Parents are welcome.

COURT NOTES

Kramer & Kramer entered suit in the Prothonotary's office yesterday on behalf of John H. Mayes who is seeking to recover \$185 from the Orner Woodworking Co., of DuBois. The plaintiff alleges this sum to be due him for installing some plumbing at the Osceola garage in Osceola, in August, 1918.

REV. R. D. BALDWIN, Rector.

Picturesque New Zealand.

New Zealand is a land of mountains, gorges, rivers and fjords. The higher peaks of the south island are eternally snow capped and the glaciers of its southern Alps rival those of Switzerland. The surrounding seas are so cold for corals. Among the mountains of the north island volcanic fires are still active and the geysers and hot springs are little less impressive than those of the Yellowstone park.

FREE REGARDLESS OF MAKE OF BATTERY

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful

of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.

The Big Ten Store

Applied Mathematics

Did you ever realize that the examination of your eye, to determine the glasses you need, is a case of applied mathematics? The Optometrist measures the refraction of your eye and figures out the formula for a lens necessary to correct the error.

C. C. ARNOLD

Entrance at Paper Store. Over Singer Sewing Machine Store. Open daily and evening.

Eyes Losing
Their "Pep"

Do you have to take the second look, draw what you're reading closer, change the distance, in order to get a plain impression? If you do, you need glasses. Come and let me examine your eyes and prescribe the proper lenses.

LIFT OFF CORNS!

Doesn't hurt a bit! Sore corns
lift right off with fingers.
Magic!

Costs few cents! Drop a little Freezone on that touchy corn, instantly that corn stops hurting, then you lift it right off with the fingers. Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of discovery of a Cincinnati genius.

Mrs. M. A. Buchanan left today for DuBois, to spend a few days with relatives.

Miss Nettie Mames, of Morrisdale, was shopping in town yesterday.

Gossip for
Tonight's
Tea Table

Mr. and Mrs. John Flood and daughter Clare, of Leontes Mills, have been visiting Mr. and Mrs. Eugene Mahaffey, of Camden, N. J. Mr. Flood returned home today and his family will stay awhile at Camden.

Mrs. Russell Williams entertained last evening at a miscellaneous shower for Mrs. Chester Cowder. The bride was the recipient of many beautiful gifts of cut glass, linen, china and silver. Delightful refreshments were served.

Mrs. Harry Atack does not have scarlet fever, as the paper stated last evening.

Misses Maud Waple and Isabelle Thorburn spent last evening with the latter's parents in Olanta.

Miss Myrtle Bryan left this morning for Carlisle, to attend a house party at Dickinson College.

Henry Lybarger and daughter Kathryn and Mrs. Fred Goodmar, attended the funeral of the late Thomas Hartland, at Philipsburg yesterday.

Mrs. H. L. Snyder and daughter Ruth have returned to their home in Juniata, after a visit at the home of T. Lansing Snyder.

George Torrence has returned from a business trip to Punxsutawney.

Mrs. G. N. Ellenberger and granddaughter have returned from visiting relatives in DuBois.

Henry Highfield is home from the University of Pittsburgh, to spend the week end with his mother, Mrs. Lillian Highfield.

A. J. Hagerty has returned from Philadelphia, where he was undergoing an operation on his eyes.

John Hartland, of St. Marys, attended the funeral of Thomas Hartland at Philipsburg yesterday, and stopped to visit with relatives here.

W. F. Reiter, of Karthaus, spent yesterday with Mrs. Mary Reiter on Fourth street.

A fine big baby girl arrived at the home of Mr. and Mrs. John McNulty on Third street, Thursday morning.

Miss Cora Kline is ill with the flu at her home on Fifth street.

Misses Loraine Thurston and Mary Tiedgen attended the dance at Glen Richey last evening.

Miss Augusta Harwick is visiting with relatives and friends in Pittsburgh.

Peter Laddo, Joe Pratt and Tom Tatinanni, a trio of local business men, returned this morning from a business trip to Pittsburgh.

Born, to Mr. and Mrs. T. H. Canavan, at their home on Nichols street, last night, a son.

AUTO SLIPPED OFF ROAD

A. Wright Bigler jammed his automobile against a telephone pole in the Curwensville Narrows while on his way home from his mines near Curwensville, yesterday afternoon.

The accident occurred a short distance beyond the B. R. & P. crossing at Dorsey Bailey's. Mr. Bigler in attempting to turn out of the rut to let another machine pass, slid down off the road and was going over the steep bank when he ran the machine head-on against the telephone pole.

With the assistance of some fellow-motorists, the machine returned to the road and run under its own power down as far as the water trough at Hoyt's, where it was parked along the road, and Mr. Bigler completed his journey into town on foot.

The radiator of the car was considerably damaged, but Mr. Bigler escaped injury, although his corns suffered somewhat on the drive into town.

Wright says it was the first time he had to walk home in all his eight years of motoring.

WILL LOCATE IN CALIFORNIA

A. R. Hubler has disposed of his Hillsdale farm to Al, Roy and Richard Fullington, and expects to accompany George Beam, of Kylertown, to Los Angeles, California, where they will locate for the future.

Mr. Hubler is advertising a personal property sale at his Hillsdale farm for February 28th.

The Hubler farm contains 40 acres of fine farm land, all underlaid with three veins of valuable coal. It also contains a ten foot vein of fire clay. The price paid was \$13,000, and it is recognized as one of the best deals made in this section recently.

GUARANTEEDNAME "BAYER" ON
GENUINE ASPIRIN

Get relief without fear as told in "Bayer" package

"Bayer Tablets of Aspirin," to be genuine, must be marked with the "Bayer Cross," just like your check must have your signature.

Always look for the "Bayer Cross." Then you are getting genuine Aspirin prescribed by physicians for over

eighteen years. In the "Bayer" package are made and proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing Co. of Monroeville, Pa.

The men of the Baptist church had a "get-together" banquet at the church last evening. Harry B. Powell was the speaker of the evening which was enjoyed very much by all present. The Deacons' wives were at the banquet. Everyone pronounced it one of the best times of the season.

Alec Corbett, of DuBois, spent last evening with friends here.

Gray, faded hair turned beautifully, dark and lustrous almost over night, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what is the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Compound" at drug stores here. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has happened. You just dampen a sponge or soft brush with it Wyeth's Sage and Sulphur Compound and draw it through your hair, taking one small strand at a time, cause after just one application the gray hair vanishes and your locks become luxuriantly dark and beautiful. This is the age of youth, gray-haired, unattractive folks aren't wanted around, so get busy with the Sage and Sulphur tonight and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within a few days. Inquiry at drug stores here shows that they all sell lots of "Wyeth's Sage and Sulphur" and the folks using it are enthusiastic. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
